The Importance of Having a Strong Play Pedagogy

- Explore in depth the reasons why children need to play.
- Discuss how the play can be guided by adults, based on the children's interests and own enquires.
- Develop skill and confidence in providing resources to extend the play in the moment and imparting new knowledge alongside the play.

Movement Matters More than Ever

- Explore how a movement rich environment / curriculum will support children's physical development, emotional and social well-being;
- And how the growth and development of the brain is intrinsically linked to physical activity and how a moving child is a learning child.

New to EYFS for Nurseries / Schools

- This 3 part course will help you to embed the Early Years Foundation Stage in your setting whilst ensuring that children and families are at the heart of good practice.
- Perfect for practitioners new to EYFS who want to gain an understanding of EYFS principles, effective observational assessment, the key person approach and enabling environments.
