

ABOUT BEYTH

BEYTH offers a comprehensive range of CPD training opportunities to meet local, regional and national needs and priorities. They are developed annually and delivered by our expert trainers.

A variety of short courses, both online and face to face, are open to all EYs practitioners and leaders through our online booking system.

beytc.co.uk/courses

As well as one-off courses, we offer a number of Training Bundles:

- New to EYFS
- Conquering the 3 I's (Intent, Implementation, Impact)
- Personal, Social and Emotional Development
- Leadership in the EYs

Bundles consist of 2 or 3 related sessions and enable you to benefit from a discount. However, apart from 'New to EYFS', courses can be booked individually.

BEYTH has a Portfolio of other courses available. Read more about courses we offer and Register your Interest. Depending on demand, we will schedule these courses later in the year.

Bristol Early Years Teaching Hub

"It has provided me with lots of practical ideas that I can take away and share with my team. Lots of these can easily be implemented but will make a huge difference to our provision for children."

- Feedback on Children as Writers

"I thought it was an extremely valuable course. I thoroughly enjoyed it and it gave me time to reflect on my practice and my setting. It was great to talk to other practitioners and share practice and get new ideas too."

- Feedback on Emotion Coaching

APR

Conquering the 3 Is (Intent, Implementation and Impact) Bundle
(Face-to-Face Day)
On 24th Apr

MAY

New To EYFS Bundle
(Face-to-Face Day)

VISITING NATIONAL TRAINERS AND FACILITATORS

WELLBEING AT THE HEART OF EYS LEADERSHIP WITH KATE MOXLEY 21st November

Put staff wellbeing at the heart of everyday actions, pedagogy and practice. Develop a deep culture of wellbeing, lay the foundation for personal and professional self-care for the whole team, set boundaries and create work-life balance and build your workplace wellness toolkit.

DEVELOPING NEURODIVERSITY-INFORMED PRACTICE IN THE EARLY YEARS WITH KERRY MURPHY 23rd February

Educators are increasingly interested in developing strengths-based approaches that are empowering for children identified with special educational needs (SEN) in the early years. This webinar introduces neurodiversity in an accessible way and provides key strategies that can be translated to practice.

HOW COVID HAS CHANGED OUR CHILDREN WITH DR SUZANNE ZEEDYK 9th March

The lasting impacts of Covid for Britain's children are beginning to be apparent. Explore the impacts of Covid and gain a better understanding of the biological impact of relationships so that we can meet children's emotional needs. Take away ideas and practical steps to support the thriving development of your children.
